

Turner Physical Therapy & Scoliosis Center, LLC

Severna Park, MD 21146

Phone: 410-507-4463

Most equipment was purchased "used and refurbished", except for the NuStep T5 XR and some incidental clinic supplies, which were purchased brand new. Turner PT & Scoliosis Center has been a sole private practice for 5+ years with minimal to decreased use of the equipment because of its increase in focus on spine and scoliosis care as the years passed and, because of that, has transitioned to home-based outpatient therapy in May 2017. All equipment was calibrated before placed in climate controlled storage unit.
